

OPIOID USE DISORDER

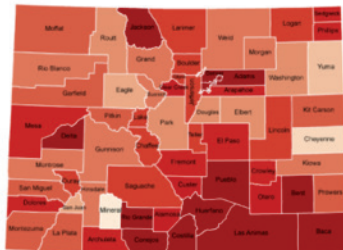

Medication Assisted Treatment (MAT) Waiver Training and Practice Team Support

PROVIDERS:

Become part of the dedicated effort to stem the opioid use epidemic in Colorado.

Colorado Counties: Drug overdose death rates: 2002

Colorado Counties: Drug overdose death rates: 2014

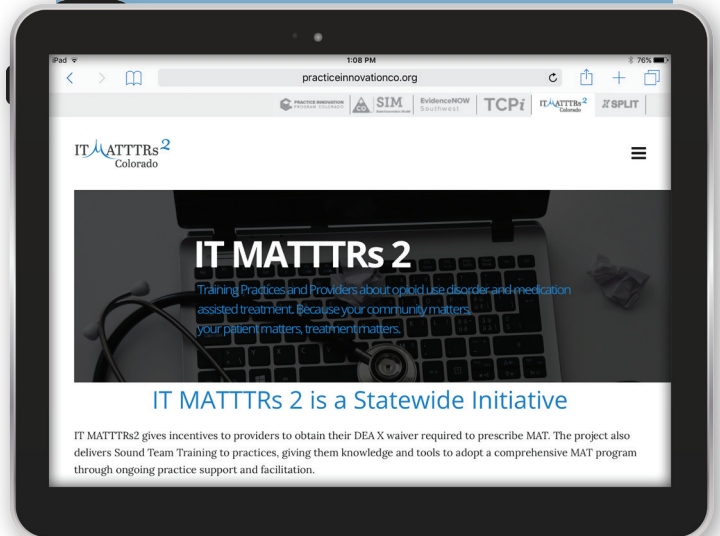

Colorado drug overdoses increased >500% between 2004 and 2014

Get support from the University of Colorado Department of Family Medicine and the Colorado Office of Behavioral Health to care for patients with Opioid Use Disorder. Our program helps you obtain your DEA Waiver to prescribe buprenorphine (aka Subxone) for the treatment of OUD and can provide training for your whole patients team to improve care for your patients with OUD.

- **No cost to you**
- **Expert trainers online or in-person**
- **Ongoing support, tools, and resources**
