

Colorado Practice Transformation Network: Lead the Change

Advance Your Practice

Prepare to be successful in new value based compensation:
Medicare, Medicaid, CHP+ and Commercial through TCPi's Federally Funded Program

- Fully supportive network and mentoring to prepare for alternative payment models
- Develop high functioning care teams within your practice using efficient workflows
- Implement efficient and effective referral processes
- Assistance in reporting and using data to drive improvements and DEMONSTRATE the value of care
- Improve the experience of care for patients, providers and care teams

How does TCPi benefit my practice?

- Increased revenue through workflow and office efficiency, including EHR optimization
- Create a higher quality, lower cost per patient care experience
- Put systems in place to enable proactive care management
- Practice redesign support to ensure success with value based payment models
- Build a cohesive medical 'neighborhood' with a focus on care coordination and effective referral networks
- Maintenance of Certification (MOC) part IV Quality Improvement credit toward board re-certification
- Continuing Medical Education Credits (CMEs)

What You Measure, You Manage: Using Data to Drive Improvement

- TCPi provides access to registries and tools to assist with PQRS reporting and the value based modifier program
- Get ahead of your data by using clinical, cost and utilization data to improve care
- Network with other practices that use the same EHR platform

Who is eligible?

- 2,000 clinicians and their staff on a first come, first serve basis
- MD's, DO's, PA's and APN's and all other PQRS eligible professionals

What does participation entail?

- Identify one clinician and one staff member per practice as Practice Champions
- Two face to face regional collaborative learning sessions per year
- Submission of quality measures quarterly to Colorado data hub
- Baseline and periodic assessments, benchmarking on clinical and utilization measures in a collaborative, supportive environment
- Work with a practice facilitator and clinical health information technology advisor to implement tests of change and monitor progress towards your practice quality improvement goals
- Progress through a quality improvement curriculum to ensure your practice is ready and prepared for payment reform
- Up to 4 year program participation

How can I apply?

Who is the Colorado Practice Transformation Network?

A statewide public and private partnership for the benefit of Colorado Clinicians, patients, and the overall health and well-being of our state. The Colorado PTN brings together communities of learning to share and network in a supportive environment that takes into account the well-being of the health care team.

The project described was supported by Funding Opportunity Number CMS- CMS-1L1-15-002 from the U.S Department of Health and Human Services, Centers for Medicare & Medicaid Services. The contents provided are solely the responsibility of the authors and do not necessarily represent the official views of HHS or any of its agencies.
